PREPARE YOUR KIT FOR SHIPMENT

a.

a. Locate the UPS shipping label on top of your kit.

- Shipping labels on the kit may differ from image.

b.

b. If the UPS shipping label has a green tear strip, it must be removed.

- Lift the left corner of the tear strip and pull it off.
- Lift the bottom edge of the label and pull up.
- Tear the top label off the kit along the perforation.
- Your return label now shows.
- You are ready to ship your kit.
- Continue with the next step.

c. If the UPS shipping label has **no** green tear strip, you are ready to ship your kit.

RETURN YOUR KIT USING UPS

Ship your samples using UPS pre-paid shipping within a day of collection to allow enough delivery time to the Lab.

- The lab **must** receive your samples as soon as possible to be tested successfully.
- Note: Make sure a Sunday or a holiday will not delay your shipment.

REMINDER: STORING YOUR SAMPLES BEFORE SHIPPING

To store the samples before you return the box:

- Store your boxed and sealed samples at room temperature.
- Keep the samples away from heat and direct sunlight.
- Keep the samples out of the reach of children.
- Keep the kit upright.

If you live in Puerto Rico or a US Territory or have questions about shipping your samples, contact us at 1-844-870-8870.
